https://stereotip42.github.io/resume/	**Maksim Kutsayev**

Profile

PHP Back-end developer with experience of 2.5 years. Really, appreciate the standards and try to adhere to them whenever possible. Don't like the approach "If it works - so well." The main thing in this work not to degrade as a developer and person.

Skill Summary

- *PHP 5 (Understanding and using OOP, MVC, Some design patterns);*
- *Laravel 4-5 (2 years exp.), Lumen Micro-framework;*
- *JSON/REST/XML/SOAP Web Services;*
- *Practice in NodeJS, BrowserSync, React, Express, Socket.io, PhantomJS (Parsers*
- *of any complexity);*
- *Version control services (GitHub, BitBucket);*
- *Real-time Web Applications;*
- *PSR (PSR-1, PSR-2, PSR-4, Symfony Code Standards), Composer;*
- *CMS (DLE, OpenCart, ModX, BitrixFramework);*
